

WE CARE CARDS

ACTIVITY TOWARDS THE
BIRMINGHAM
MORE IN COMMON BADGE

As part of Birmingham More In Common's winter anti-loneliness campaign called We Care Coasters, we are looking for Scouts and Guides to design and make WE CARE CARDS to give to Care Home residents. Cards will be given as part of a gift bag, along with a handmade drinks coaster and fabric bag made by adult craft volunteers, treats, and an invitation and resources to write back.

This intergenerational activity will count towards achieving this new badge, and also help brighten an older person's day this winter, helping them feel more connected to others during the pandemic.

Introductory film is available for the young people to watch, and written instructions are provided.

The ethos of this badge is to show compassion, kindness and friendship to others, particularly those who are different from ourselves.

Safeguarding and covid safety measures are in place.
